Meridians Program Group

Channel the energy flow of life (Qi) with the ancient lore of Meridians!

The modern technology of Microcurrent Application can be used to stimulate and positively influence the Bioenergetic Field of certain organs. The epic program groups of Meridians 1 & 2 accommodate twenty unique Individualized Microcurrent Frequency (IMF)¹ programs to harmonize the Bioenergetic Field of the individual Meridians.

DID YOU KNOW?

The ancient understanding of the Meridians is based on the spiritual concepts of Traditional Chinese Knowledge, claiming that our life-energy, the so-called Qi, flows in channels, or meridians. According to this, twelve main channels exist and each meridian is assigned to a functional circle (organ system). Along these twelve energy pathways corresponding acupuncture points are threaded onto like pearls on a string. Each of them having a specific connection to a certain organ.

Mental Balance Program Group

Maintaining mental balance is a cornerstone of overall wellbeing

The human being in its entirety is a unity consisting of body, mind and soul. As psychosomatics have already shown, mental imbalances can cause physical symptoms and vice versa. We believe if our so-called inner or soul life is in harmony, we are balanced and vital. Traumatic experiences are partly unconscious experiences that can have negative and disbalancing effects on the physical, mental and spiritual levels.

Healy World developed eight different Microcurrent Frequency Programs to bioenergetically harmonize your mental balance.

Chakras Program Group

Immerse yourself with the millennial-long and spiritual teaching of chakras

The chakra system is thousands of years old and is considered as the oldest system for the development of the holistic mankind. What once began in ancient India can be found in many cultures all over the world, applied in various techniques of energy and body work such as Yoga, Tai Chi and Ayurveda.

The Healy Individualized Microcurrent Frequency (IMF)² chakra programs are designed to bioenergetically harmonize these seven central energy centers and bring them back into their natural balance.

Harmonize the energies of your 7 chakras:

DID YOU KNOW?

healy Coil Healy Frequencies Without Cables!

Cable-Free Harmonization of the Bioenergetic Field

A new type of coil, a new and unique Healy accessory: There may be times when you find using cable electrodes awkward or inconvenient. In these situations you can now use the Healy Coil that lets you transmit Healy frequencies without cables!

Practical and Innovative

Coils that are based on the principle of Quantum Potential Frequencies (QPF) have been widely used in recent years. They are also an ideal medium for cable-free transmission of Individualized Microcurrent Frequency (IMF) Healy programs into the Bioenergetic Field (BEF)!

The Healy Coil is a complement, rather than a substitute, for the cable electrodes: Cable electrodes are used both for influencing the Bioenergetic Field and for applying microcurrent to the physical body; whereas the Healy Coil can only be used for Healy IMF programs.

Note: This material is for European Union and Asia use only. The Healy Coil and Healy's Individualized Microcurrent Frequency (IMF) programs are not medical applications. They are not intended to cure, treat, mitigate, diagnose or prevent disease, have not been reviewed by a notified body and are not part of a conformity assessment procedure under the MDD/MDR.

How It Works: Quantum Potential Frequencies

The genius inventor and physicist Nikola Tesla (known among other things for his invention of the AC or alternating current system) spent a large part of his creativity and time for experiments demonstrating that under perfect resonance, lossless wireless transmission of energy and information over long distances is possible. From the results, he concluded the existence of a hitherto unknown type of waves.

The American quantum physicist David Bohm predicted such an effect in 1959 and it was experimentally proven not long after. This so called Aharonov-Bohm effect was designated as one of the Seven Wonders of the Quantum World by New Scientist magazine, revealing the effect of hidden quantum fields.

These Quantum Potential Frequencies originate from two opposing magnetic fields which cancel each other out, with the magnetic quantum potential nevertheless remaining unchanged (the Aharonov-Bohm effect). QPF can thus resonate with

■ ■ Magnetic fields ■ Quantum potential (vector potential)

biological organisms without the transmission of physical energy.

In this way, frequencies can be transmitted via Quantum Potential Fields without using cables; pure information is vibrating.

In a similar manner (according to our opinion and hypothesis, without a verified direct connection to the research of Tesla and Bohm as described above), the Healy Coil was designed

to exert effects on the Bioenergetic Field through Quantum Potential frequencies.

Frequencies for Your Life

Soul Cycle

The Circle of the Soul

When we experience the first heartbeat in our mother's womb, we are in a state of being connected to everything. When we are born, we experience the first separation of our life, being separated from our mother. Then, in our first months and years, we experience the separation between ourselves and everything around us. Later, we are going to experience the separation between body and mind.

In this way we are increasingly separating ourselves from everything that surrounds us, accumulating along the way a variety of blockages, fears, traumas and beliefs that often manifest themselves in hatred, envy and anger. Still, we are unconsciously trying all our life to find our way back into connectedness with everything. The cycle of our soul is coming full circle eventually!

Frequencies and Mental Scars

Every human being possesses their own spectrum of unique frequencies. Every negative influence that comes our way is leaving small or big disharmonies in our frequency spectrum – mental scars! The Soul Cycle programs are designed to re-harmonize these negative frequencies.

Supporting the focus on inner peace, letting go of fears and realizing our full potential.

The Soul Cycle programs are designed to support you in:

- **Peace:** Finding peace within yourself.
- **Love:** Feeling loved at all times.
- **Reconnecting:** Regaining your deep connection to everything.
- **Fearlessness:** Letting go of your fears.
- **Potential:** Unfolding your full potential.

Soul Cycle by Martina Kondritz

The Soul Cycle program group was created by Martina Kondritz, a certified healing practitioner with many years of experience. She is the co-founder of the professional association „Gesellschaft für Bio-Elektro-Therapie e. V.“ (Society for Bio-Electro Therapy) and a lecturer at the TimeWaver Academy in the field of TimeWaver Frequency.

Her approach is based on a deep knowledge of the use of frequencies to support personal integration and restore a sense of connectedness with self and nature.

Healy Natural Cycle

In Tune with the Natural Cycles

For many people, life is a long quiet river. It flows steadily and has a direction that it follows throughout life, even if it must flow around many a bend. And yet this river comes with waves and tides, like everything else in life, influenced by the sun, the moon and the earth.

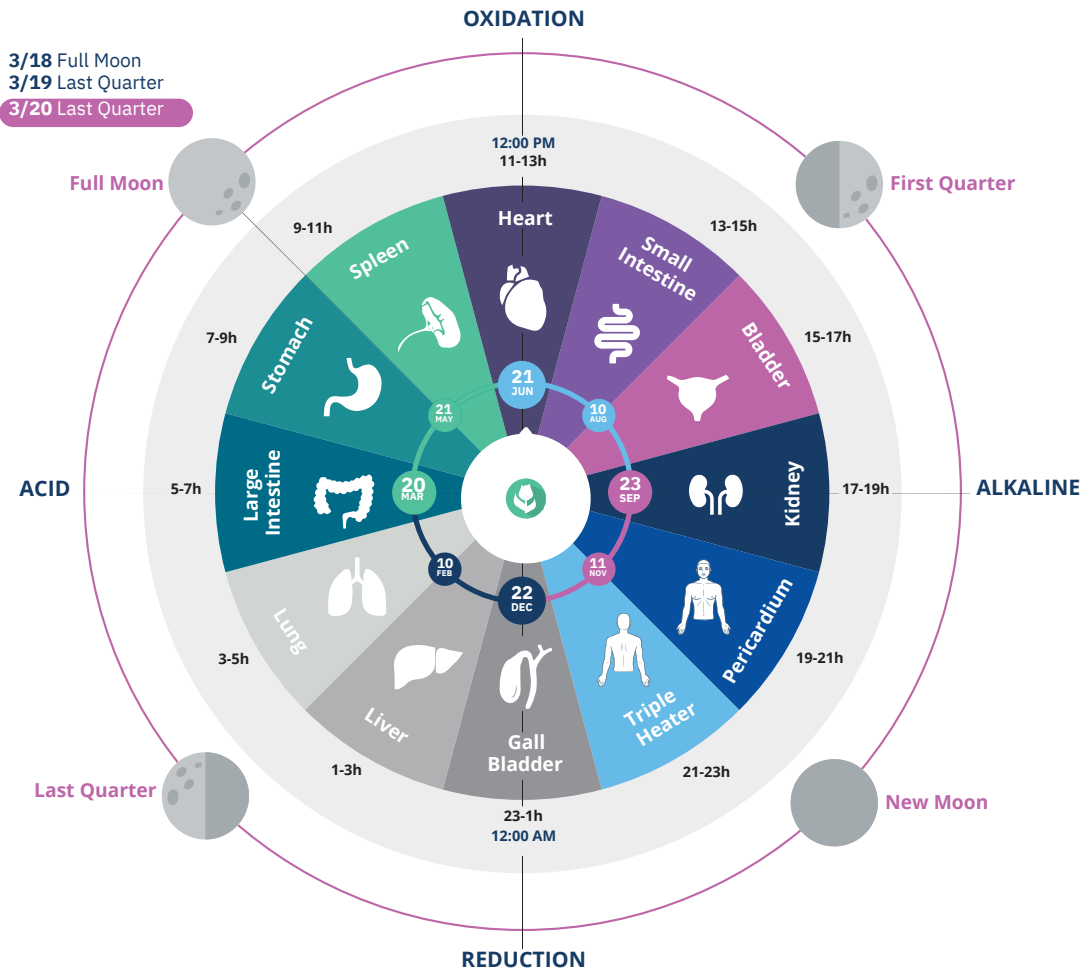

In the same way, we all are affected by the phases of the moon, the sun and the earth. You might say that the frequencies of these celestial bodies are determining our body, our emotions and perhaps even our destiny since the moment of our birth!

Most of us today are leading a life that is moving too fast, causing us to lose that natural rhythm. Everything constantly needs to be faster, more perfect and more conformist than it was yesterday, and at some point we can no longer keep up. Our body and our mind are sensing these conflicts. A number of so-called "lifestyle diseases" are rampant, many of us are constantly unhappy and discontented, relationships are frequently failing, families are drifting apart.

Our only chance to meet all these challenges in a sustainable way is to manage bringing our lives back into harmony with the natural cycles and flow. There is now a simple tool for all Healy users to help us restore this harmony: the **Healy Natural Cycle programs!** They contain completely new frequencies, developed and compiled by Nuno Nina, the inventor of the Healy Gold Cycle.

In Tune with Nature in Five Easy Steps

STEP 1

Determine your location.

Natural forces and their interactions depend on where you are on the planet.

STEP 2

Set the trigger date.

The appropriate starting points for applying the Healy Natural Cycle are solstices, equinoxes, and the changing of the seasons. The end of a Natural Cycle must also be on a trigger date.

STEP 3

The choice of day and time.

With the help of Natural Cycle and based on your location, determine the exact date and time for the start of your Natural Cycle protocol.

STEP 4

Determine the phase of the moon.

The moon phase is important for the Natural Cycle. The HealAdvisor app will help you with this as well.

STEP 5

Determine the right frequency programs.

Based on the data collected by the HealAdvisor app in steps 1 to 4, we can now determine which organ is active in the organ clock at the selected time of day and select the right frequency program for it.

A Natural Cycle frequency session consists of two parts: 18 minutes of activation and 30 minutes of stabilization.

¹The content displayed by the Digital Nutrition App ("DNA" for short*) does not constitute medical advice, which can only be provided by a medical professional.

The substances, foods and Individualized Microcurrent Frequency Healy programs for harmonization of the Bioenergetic Field displayed are recommendations that depend on user input. If you have or suspect food intolerances, allergies, deficiencies or medical conditions, or if a supplement regimen has been recommended by a health practitioner, you should consult a physician or other healthcare professional before following these recommendations. "DNA" stands for "Digital Nutrition App" and should not be confused with genetic testing, which is not provided by Healy.

²"Individualized Microcurrent Frequencies" ("IMF") is a proprietary technology of Healy World. It uses the data from a physical noise generator to assign a priority to frequencies that professional user experience indicates have the highest relevance for the user. The duration, frequencies, intensity, frequency, naming, and the descriptions of the Individualized Microcurrent Frequency (IMF) programs are based on the practical experience of Nuno Nina and other experts and our understanding of the interaction of frequency modulated microcurrent with the Bioenergetic Field. They have not been confirmed by independent studies. The Healy Individualized Microcurrent Frequency (IMF) programs are designed to support wellbeing through harmonization of the Bioenergetic Field. We have conducted unblinded before/after surveys in controlled and randomized groups of participants. These surveys suggest that the participants' wellbeing was higher after the application. We attribute this to the harmonization of the Bioenergetic Field, which we refer to as the energy flow of life, traditionally also called chi (or qi) and prana. This has not been confirmed by independent studies.

³The content displayed by the HealAdvisor App does not constitute medical advice, which can only be provided by a medical professional. The Individualized Microcurrent Frequency Healy programs are intended solely for harmonization of the Bioenergetic Field. If you have or suspect you may have a medical condition, or if you are under the care of a healthcare professional, you should consult your practitioner before following these recommendations.
